

## Charity Casino Chips of North Dakota

Starting in 1981, the North Dakota legislator authorized Charities to conduct casino gaming in the form of Black Jack, Paddle Wheel, and Poker with a betting limit of \$5.00 per hand. This was later raised to \$25 per hand, but only for those charities that choose to do so.

Very little control exist over the chips used except to mandate the denominations and more recently both the color of the chips and the number and color of the inserts. Even then, this is often overlooked.

Casino operations vary by charity with as few as a single table at a single location that is only open 5 hours one day a week to operations that span several different cities with multiple locations within each city, sometimes no farther apart than a few feet down the street.

Locations and charities change very frequently, thus the location listed is that of the parent city of the charity sponsoring the games or as indicated on the chip.

Little historical information is at hand, and what is available only spans a limited number of years, giving only the charities name and places of operation. However, not all charities listed conducted table games.

Some only sell pull tabs and/or operate bingo.

This project could not have progressed this far with out the kind assistance of the following individuals:

Doug Deems  
Walter Dirzulaitis  
Ford Jensen  
Terry A. Marcotte  
Richard Staeffler  
Raymond Smith  
Greg Susong

And special thanks to Missy Testky and the staff of the Office of Attorney General, State Of North Dakota.

- . -

If you have additional information that you would like to contribute, or have chips that you think *may* be from a North Dakota Charity casino, feel free to contact me.

2008

**NOTES:** Dates listed as open/closed are only given as to noted as the first/last date that tax returns were filed. Additionally, "closed" only means that that particular charity is no longer offering games of chance where they would have there own unique chips on the table(s). The charity *may* still be opening, and offering gaming in the forms of pull tabs and/or bingo, and games of chance may still be offered, but by a different charitable organization.
